

# Family Nurse Practitioner 2

## Goals

Average 17 hours per week - over 15 weeks

**See 6-8 patients per clinic day**

Minimum of 234 clinical hours

## Intermediate Student Expectations

### Focus of Study:

- All expectations of FNP 1, plus...
- Assumes increased independence in FNP role.
- Differential diagnosis and management for most common acute conditions seen in primary care.
- Concurrent didactic course foci: endocrinology and metabolic, hematology and immunology, cardiovascular, musculoskeletal, and dermatology.

## Student Development

- Students' knowledge and comfort level increased.
- May require less prompting, but continues to need guidance and direction.
- Will require guidance and direction in the management of complex patient encounters.
