The screenshot shows the Marian University website interface. At the top, there is a navigation bar with links for 'ALUMNI | MYMARIAN | NEWS | EVENTS', a search bar, and contact information including '1-800-2MARIAN' and 'VISIT'. Below this is a blue header with the university logo and a main navigation menu. The 'Academics' menu item is circled in red, and a red arrow points to the 'Library' option in the dropdown menu. Other options in the dropdown include 'Study Area', 'By Degree Level', 'By Location', and 'Office of Academic Affairs'. The 'Library' option is also circled in red. The main content area features a large blue banner with the text 'Small School Big Heart' and 'Discover the Power of Community'. At the bottom, there is a footer with a search bar and system tray information.

Scholarly/Peer-Reviewed Article vs. Popular Sources

Criteria	Scholarly Journals	Popular Magazines
Example	<i>Journal of Pediatrics</i>	<i>Parents Magazine</i>
Author	Written by experts (scholars, professors, researchers) in the specific fields covered.	Written by journalists and nonprofessionals.
Contents	Peer-reviewed research and information from the field.	Current events, trends, and general interest pieces.
Audience	Scholars and researchers in the field.	General public.
Frequency	Usually monthly or quarterly and contains only a select number of articles.	Usually weekly or monthly.
Advertisements	Few or none; if any, they are often ads for journal memberships or other materials.	Many ads and often in color.
Notes	Includes citations, footnotes, and bibliographic references.	Few or no citations, footnotes, or bibliographic references.

From the Library Home Page click on the “Databases” link on the left hand menu

Recommended databases to search for Criminal Justice research articles are: Criminal Justice Abstracts with Full Text, SAGE Premier, NexisUni, Military & Government Collection, Homeland Security Digital Library and Academic Search Premier.

The screenshot shows a web browser window displaying the 'Databases' page on the Marian University website. The page lists various databases in two columns. Red arrows point to the following databases:

- Academic Search Premier*
- Consumer Health Complete*
- Military & Government Collection*
- SAGE Premier

The browser's address bar shows the URL: marianuniversity.edu/welcome-to-cardinal-meyer-library/database-guide/. The browser tabs include 'Loans - Wisconsin Public Library', 'The Pirate Bride', 'Cardinal Meyer Library | Campus', 'Database Guides and Tutorials', and 'Course: Library Tutorials'. The Windows taskbar at the bottom shows the time as 3:05 PM on 9/27/2021.

If you are accessing the databases from off-campus, you will be asked to login by clicking on the “Marian University Email” button. You must enter your full Marian Email and password”

Text

[*5] Exempt organizations depend on financial support from corporate contributors. ¹ Many corporations regard charitable contributions as an element of corporate citizenship, ² and tax law provides that corporate contributors may deduct their charitable [*6] contributions. ³ As with individual contributions, corporate contributions may be publicly acknowledged by the exempt recipient. Acknowledgments vary from providing a list of contributors in a concert or theater program to mounting a plaque at the entrance to a special exhibit at a museum to putting a significant contributor's name on a university building or a hospital wing. ⁴ These forms of acknowledgement raise little or no contemporary controversy. ⁵

Football, television, and corporate contributions proved to be a more controversial mix. The bowl games marking the end of the college football season are operated by tax-exempt educational organizations. ⁶ The bowls are financed by a combination of ticket sales, sale of broadcast rights, sale of logo items, royalty payments from licensing the bowl name and logo, concessions sales, licensing of game program

Abstract

The violence afflicting the Mexican migration corridor has often been explained as resulting from the brutal takeover of migrant smuggling markets by organized crime, specifically Mexican drug trafficking organizations (DTOs). Through the testimonies of twenty-eight migrants who traveled with smuggling facilitators on their journeys into the United States and who interacted with drug traffickers during their transit, we argue that the metamorphosis taking place may be even more radical, involving the proliferation of actors with little or no criminal intent to operate along the migration trails. Far from market coalescence, the increasing flattening of criminal markets along the migration trail and the proliferation of individuals struggling to survive is the result of increasingly limited paths toward mobility and is not attributable to feared cartels or *traficantes* alone. The interactions among clandestine actors are not only likely to become more common but also to reflect flexibility and adaptation that hierarchical DTOs cannot explain.

Or by appointment

Need Help?

To access your library account to check fines or renew materials, login to your [My Library Account](#). Research databases can be accessed via [Research Guides and Tutorials](#) page. Subject specific tutorials are available via [Marian Online 2](#). Your username is the first part of your Marian University email address – i.e. everything before “@marianuniversity.edu.” Your password is your Marian University email password. To check for full-text access to a specific journal, check out [Journals A to Z](#). To see what materials are on reserve for a specific course, click on [Course Reserves](#).
